THE MANOLOFF DESIGNS

We build 5 versions of this bar. You've got to try one to believe the performance! This revolutionary design was patented in 1936 and a popular tone-bar from the 1930's to the 1970's. Lighter than our standard bars they are fast, fun and a joy to play. We are not shy about saying these are some of our favorite bars!

M, K, L, Y, Z

ADD SOME SWEETNESS TO YOUR TONE! YOUR AUDIENCE WILL THANK YOU FOR IT.
